

SUPPORTING YOUR CHILD'S LEARNING AT SCHOOL

- Read with your child as much as possible as this helps with their fluency and understanding of texts as well as helping to increase their imagination for their own writing. Please ensure your child fills out their reading record for each book they read. We expect your child to read between 1 and 2 books from then school reading scheme per week.
- Practise times tables. Revise 2, 5 and 10 times table from Year 2. By the end of Year 3, children are expected to know their times tables at speed and be able to rapidly recall the 3, 4, 8 and 11 times tables. In school, children practise times tables using Times Tables Rock Stars four times each week.
- Encourage your children to play on the following educational websites:
 -
